## FULL STACK DEVELOPER

---

### SUMMARY

I'm a Full Stack Developer with great love to build apps to solve today's problems, who also dominate the arts of organization, negotiation, and mediation. Clean code and user experience are a must, fluent in multiple languages, frameworks, and technologies, and capable of ramping up quickly and efficiently.

### EXPERIENCE

Microverse, *Remote*

**Code Reviewer** | March 2021 – Present

- More than 200 projects reviewed, and counting, with varied front-end and back-end projects.

IK Sustainable, *Xalapa, Mexico*

**eCommerce Manager** | May 2020 – Present

- The total development of the electronic business took me less than 2 months.
- For this project. I learned liquid in less than two weeks.
- The website that I create gets more than 2500 visits per day thanks to the SMO and SEO that I developed.

The Rolland Collection, *Bordeaux, France*

**Business Manager for LATAM and Asia** | January 2012 – May 2014

- In the first 6 months, the management doubled the number of people under my supervision, thanks to the excellent initial results.
- 30% increased sales in Asia and 15% in Latin America in less than a year.

Budhi, *Mexico City, Mexico*

**Founder & Director** | August 2010 – November 2011

- We developed Maat software, the first administrative software in the country with a freemium model, built to emulate the decisions of professional admins applied to micro and small businesses that did not have access to administrative software.
- In 2011, Grupo Carso acquired Budhi, and its software "Maat", to add it to its catalog of free services for small businesses.

### EDUCATION
